WAR FUND DRIVE OPENS MONDAY

Have you circled on your calendar the date of October 1? But of course you have because that is the date of the opening of the War Fund Drive for this County. The drive will open October 1 with a breakfast at Hotel Reed at 10 a. m. The Drive will continue thru Oct. 15. Mrs. George R. Rea county chairman for the drive announces two speakers for the breakfast: Rev. Father Philip Von Aengelen St. Augustine Seminary and Sergeant B. O. Williams, Jackson. B. L. We at the home front need more than ever to be conscious of the needs of the service men and it is for this need that this war fund drive is important.

Please your reservation for the breakfast now and be on hand to enjoy the contact with the workers and to become better acquainted with the great need of this drive.

ROCKS IMPRESSIVE IN TROUNCING HINDS COUNTY A. H. S., 50-0

St. Stanislaus Under Direction of Coach John Scafide Wins Easily

(By Archie McKay)

Scoring practically at will the St. Stanislaus Rockachaws under the direction of John "Baby" Grand Scafide made an impressive showing last Friday night in swamping Hinds County Agricultural High School by the score of 50-0. In making his debut with the rejuvenated Rockachaws eleven Mr. Scafide won the hearts of Bay St. Louis fans by putting on a field a team that demonstrated power, speed and deception. The Hinds County boys fought valiantly but were unable to cope with their heavier and more experienced opposition.

St. Stanislaus wasted no time in putting the game on ice. Shortly after the opening kick-off, Millette on an off-tackle jaunt crossed into the end zone to chalk up six points.

St. Stanislaus failed to convert. A few minutes later Tobby Scafide intercepted a pass and streaked thirty yards before being brought down.

On the next play he skirted end for the second touchdown. The extra point was good, making the score 13-0. Coach Scafide at this point sent in an entire new team.

On the first play a beautiful pass was executed which put the ball on the five-yard line. However, on the next play Millette went over for another marker to complete the scoring for the first frame, 19-0.

A highlight of the second quarter was Tobby Scafide's 75-yard run after a kick-off for a touchdown which was nullified by a clipping penalty. A second touchdown play was also declared null and void for the illegal use of the hands by the Rockachaw eleven.

In the second half the St. Stanislaus team literally had things of their own way.

To make a long story short touchdowns were scored as follows: Bobby Fayard scored on an end sweep; Benvenuti took a pass and scooted 40 yards for another; Red Reineke scored a third after a 20-yard jaunt; Koch chalked up four with Pat "All-Star" Wilson making the conversion; Jimmy Martin added the nightcap to complete the evening's spree and thus bringing the score up to an even 50 points.

The class has organized a reading circle and have purchased some books on Christian reading and Mrs. Carl T. Smith has been named librarian.

Mrs. Caroline Briggs Dies Suddenly

Mrs. Caroline M. Briggs wife of John M. Briggs died suddenly here on Wednesday, September 19, in the Greyhound Tavern on U. S. Highway 90 where she was taken when she became ill in an automobile. She died before medical aid reached her.

Mr. and Mrs. Briggs and a son had been living in the Panama Canal Zone for a number of years and had left there to come to New Orleans.

They were met in New Orleans by another son who is stationed at Keesler Field and the four were driving eastward either to Keesler Field or Orlando, Fla., where their two daughters reside.

Mr. Briggs, his two sons and his single daughter from Orlando, left by automobile Saturday for Washington, D. C., their former home and the body was shipped to Washington Monday afternoon from the Fayard undertaking parlors for burial.

Home on Leave

Major Robert Warren Larroux, Army, is at home from the European Theatre of War and has joined his wife and little daughter Linda here. He died on a 30 day furlough.

Major Larroux has the Bronze Star Medal for Meritorious Achievement. He has a wide experience of conditions there and of happenings in the prison camps which he says we cannot even imagine and much of which will never be known.

The Major and Mrs. Larroux are on a short trip for rest and recreation.

Recommended for Award Of Bronze Star

The family of Lt.-Col. Frank L. Kiefer, of Bay St. Louis, and New Orleans, have just received copies of an unusual citation awarded him by the commanding officer of the Port of Cherbourg, recommending him for the Bronze Star Medal for his services as commanding officer of the 516th and 498th Port Battalions in the European Theatre.

Colonel Wm. H. Speidel, Commander of the 4th Major Port, Cherbourg, France, writes in his commendation:

"The meritorious service of Lt.-Col. Frank L. Kiefer, of Bay St. Louis, has been highly appreciated by the commanding officer of the Port of Cherbourg that he has been recommended for the award of the Bronze Star Medal.

Decorations previously awarded:

European, African, Middle Eastern

Theatre Medals.

As commanding officer of the 516th Port Battalion, which was daily in operation of ships discharge

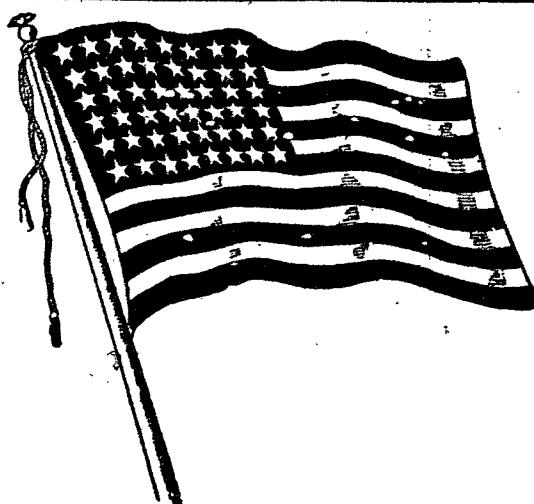

in this area, he contributed greatly by his example in leadership, by his resourcefulness in ideas, by his presence and encouraging remarks to his men on the job, to the expediting of ships discharge and turnaround, under adverse and difficult operating conditions, when such material, mostly of an explosive nature was vitally needed by the armies in the field. His battalion maintained under these trying operations a standard of excellence in discipline, military courtesy and morale reflecting the persistent efforts of Lt. Colonel Kiefer's devotion to duty.

Lt.-Col. Kiefer worked both Russian volunteers, who in the early stages were treated as prisoners of war, German prisoners, and soldiers in the hole of ships, many complicated and delicate situations involving diplomacy and superior leadership were involved. This officer was equal to the task and no serious trouble arose. This battalion worked constantly in difficult terrain, maintaining a high spirit of cheerfulness inspired by their commanding officer.

Lt.-Col. Kiefer did, by his display of leadership, resourcefulness, persistence, and unwavering devotion to duty as Battalion Commander, contributed greatly to the vast tonnage discharged under adverse and difficult circumstances. The services of Lt.-Col. Kiefer reflect great credit upon the United States Army. Entered military service from Bay St. Louis, Mississippi."

TIME ONLY WILL TELL

IT IS said that opportunity knocks but once, certainly this cannot be true; for we believe that opportunity has knocked at our door on many occasions and we have not had the foresight to seize it. That we have been asleep at the switch many times cannot be denied. We are beginning to awaken to this fact, and are probably headed in the right direction to be able to take advantage of an era of progress that is headed to the South.

In order to take advantage of some opportunity that may be offered us, we must be organized. We must be looking ahead. We must have a united front with capable leadership. It is necessary that that leadership have the support of the people of the County. Without this support it is futile to attempt to organize any Civic Club for the purpose of fostering the development of Hancock County. We must have a spirit of cooperation among our people, without it nothing can be done.

Heretofore, our people have become enthused in the work of some organization or of some project, and soon the enthusiasm dies out. What is the reason? Do they lack that public spirit that is so necessary in such matters? We do not believe that this is the reason. Public Spirit has been typically exemplified on many occasions where our people have striven to attain a goal. Is it the feeling that nothing is being accomplished or the idea of letting the other fellow do it? It may be one of these. Certainly people become discouraged when they feel that all of their efforts are for naught. And again many of us are prone to pass our work on to the other fellow, and never give a thought as to whether the job has been done or not.

We believe, however, that the main reason for lack of interest in organizations and civic clubs, that could and would have been a great benefit to our County, is that we have allowed, envy, hatred and factionalism to enter into them. We have not been big enough to strike at the root of the evil and to remove it from our midst. Until this is done, it is far better that we remain as we are at the present time, and make no effort to improve our situation, for unless these elements are removed we are doomed to dismal failure in any of our undertakings.

It is time that we make a survey of ourselves. That we rise above petty hates and factionalism. That we join together and work in unison for the good of the County, regardless of our personal likes and dislikes. If this can be done, we believe that the work of a civic organization to aid in the development of Hancock County will be made far easier, and that such an organization will not be shortlived.

The development of Hancock County industrially and agriculturally is not the work of a day or a week, it will be a long, tedious and continuous job. It must be carried out under a well thought out plan, in order to secure the desired results.

The road will appear rocky at times and we will probably falter, but we should not become discouraged. We should continue to work in one direction, and with one thought in mind, to succeed. Some day we may be able to say that our achievements are the results of the careful planning and concerted efforts of a group of men who were big enough to set aside their personal differences for the good of their County. Are we? Time only will tell.

WAR-WON SAVINGS

THE total liquid wealth of the American people is estimated at around \$160,000,000,000 by Ted R. Gamble, national director of the War Finance Division of the Treasury Department, who says that the nation's war-won buying power is "a great insurance policy for business in the months and years to come."

Mr. Gamble thinks that at least \$100,000,000,000 of liquid wealth has been acquired by the people of this country during the war. He says that the nation entered the war with ten per cent of its population owning ninety per cent of the country's liquid wealth and emerged with ninety per cent of the people owning forty per cent of the liquid wealth.

This huge backlog of wealth which, he says, "is greater than any people ever had in any country in the history of the world," will not be used by the people "to buy the first gimmick or gadget that comes along," but will be used, to a large extent, for capital investment. Mr. Gamble says that the people are thinking "in terms of homes, of old age, of education for their children."

There is considerable truth in the idea that the savings effected by the people during the war constitute an insurance for business, which means that it constitutes protection for the entire nation. It is to be hoped that the savings will be expended wisely so that the gradual use of the funds will help maintain adequate buying power in this country for many years.

WATER BOTTOMS TO BE LEASED

ON October 4th, the State Mineral Lease Commission will receive bids on the western half of the water bottoms of the Mississippi Sound for exploration for oil. Some time ago a lease was signed by the commission for the eastern part from Biloxi to Pascagoula.

Oil development in Mississippi has made rapid strides in the last few years, and it is possible that Mississippi will eventually become the leading oil State of the United States.

We have been able to observe the trend of the oil fields and it appears that they are gradually working their way to the coast in a zig zag fashion across the State.

The action of the commission in leasing water bottoms will probably hasten the day when the predictions of certain geologists will come true. That this section held more possibilities as a great oil field than any other section of Mississippi. We cannot doubt that some of the oil companies have felt that there were great possibilities in this section for they have held their leases on many thousands of acres of land in Hancock County, and have spent thousands upon thousands of dollars in exploration work.

We should lend every encouragement possible to the commission and commend them for their action. We should try to encourage as much as possible the companies holding leases in our County to begin to drill. The advent of oil in this section has many possibilities in addition to enriching numbers of our people, it may mean the industrial development of this section.

Clermont Harbor

Miss Curtis Fried of New Orleans spent last week end with Miss Edie Furr. Both of these young ladies are attending Rabouin Vocational School in New Orleans and are taking a commercial art course.

The Quarterly Conference of the Methodist Church for the Clermont Harbor-Lakeshore Charge will be held in the school house Sunday, September 30, at four o'clock P. M. Dr. J. L. Neal, District Superintendent will have charge of the service.

Mr. and Mrs. Mich Schwartz of New Orleans have spent two weeks here at their summer home and returned to New Orleans last Tuesday.

Mr. and Mrs. A. T. Burleigh, of Sunset, La., have sold their place here to Mr. Eastern Carey, of Opelousas, La. The Careys spent some time here this summer. They expect to move here in a short time and will be welcomed to our community.

Mrs. Frances Taylor and little son Jerry of Foley, Alabama are spending a few weeks with her sister-in-law, Mrs. John D. Lott.

Mr. and Mrs. Michael Offner and baby Michael, Jr., of New Orleans spent Saturday afternoon and evening visiting with Mr. and Mrs. Richard Procter.

Private T. J. Bourgeois and Mrs. Bourgeois came in from Florida Wednesday evening of last week. He is on a nineteen day furlough. Mrs. Bourgeois has been with him here for several weeks.

Mrs. Richard Procter has just received word from her brother Q. M. I. Fred J. Nelson, Jr., that he is now at liberty to write them what he is doing. He has been on a destroyer for three and a half years, having just completed the Okinawa campaign but came through all right. He is the son of Mr. and Mrs. Fred J. Nelson of this place.

LEGAL NOTICE

No. 1 is hereby given that the State Mineral Lease Commission of the State of Mississippi will meet in the office of the Governor of the state, at Jackson, Mississippi, at 10:30 o'clock on Thursday, October 4, 1945, for the purpose of receiving proposals for the leasing of a part of the Mississippi Sound and other tidal lands on the Mississippi Coast for oil and gas exploration. All parties interested in the development, exploration and leasing of any part of this area for oil and gas purposes are invited to submit in writing said proposals to the Commission at this meeting.

The property offered is described as follows:

The water bottoms in the Mississippi Sound, all bays, tributaries, estuaries thereto, also the marsh land owned by the State of Mississippi adjacent to the bays and sounds and the islands, and other lands which are owned by the State of Mississippi in the Mississippi Sound and the Gulf of Mexico, estimated to contain more than 400,000 acres and not including that part heretofore leased to the Kerlyn Oil Company.

The Commission is primarily interested in a program of prompt and orderly development of this property for oil and gas and is not especially concerned in the matter of a commercial lease. The proposals submitted should outline the method and procedure to be followed in the exploration and development of this territory, setting forth in particular the care and caution to be taken in an effort to prevent damage to fish and fishing rights and incidental damage to other property, both private and public. The right is reserved to reject all proposals.

The 20th day of September, 1945.

er roads to be known as the Federal Aid Secondary System before said State of Mississippi and/or its political subdivisions may become eligible for the receipt and expenditure of Federal funds for improvement of the said Federal Aid Secondary System, and,

It appearing that the Public Roads Administration has required that said Federal Aid Secondary System should be of such size as can be satisfactorily improved within 10 or 20 years, and,

It appearing that the Executive Committee of the Supervisors Association of Mississippi and the Mississippi State Highway Commission have agreed that, to meet requirements of the Public Roads Administration, the State Federal Aid Secondary System should be composed of 4,000 miles of roads and that said 4,000 miles should be selected from the entire road system in the State of Mississippi, state maintained and/or county maintained, and divided among the 82 counties of the State on an equitable basis, and,

It further appearing that, under the allocation formula agreed upon by the Executive Committee of the Supervisors Association of Mississippi and the State Highway Commission, 27.4 miles of the 4,000-mile Federal Aid Secondary System in Mississippi shall be located in Hancock County.

Now, Therefore, We the undersigned members of the Board of Supervisors of Hancock County in a joint meeting with Mundell Bush, State Highway Commissioner, and Hon. Francis W. Lee, member of the State Legislature, which meeting was called for the purpose of selecting a Federal Aid Secondary System for Hancock County pursuant to the requirements and agreements described heretofore, after due consideration of the roads in Hancock County, do hereby certify that in our opinion the following roads should be considered for inclusion in the said Federal Aid Secondary System:

Be It Further Known that in this selection, full recognition has been given to the fact that there are other roads in Hancock County which would be eligible for addition to the Federal Aid Secondary System, and we will urge that consideration be given them as soon as possible.

Large Flights Of Ducks Reported in Marshes

During the last few days many large flights of wild ducks have been seen in the lower marsh areas. It is not known exactly why the flights, mostly pintails and Grey ducks, are arriving this early but local sportsmen think it is a good omen for a fine season, starting November 2.

Ducks Unlimited reports that ducks should be much more numerous than last year.

In two instances geese have been reported as being seen in the marshes.

"INCENDIARY BLONDE"
AT A. & G. THEATRE
SUNDAY AND MONDAY**Tex Guinan's Life Story**
Told in Lavish Musical

Tex Guinan, the four-star queen from the "Lone Star State," comes to vivid life at the A. & G. Theatre in the cinematic presence of Betty Hutton in Paramount's Technicolor treat, "Incendiary Blonde." Co-starring with Arturo de Cordova, and supported by an outstanding cast, including Academy Award Winner Barry Fitzgerald, Betty Hutton, as Texas, shines as a star of rodeo, musical comedy, western movies and night clubs.

Those who have seen "Incendiary Blonde" say that it's the perfect vehicle for Betty. Paramount Studios had the story on the fire ever since she came to Hollywood. They wouldn't permit Betty to play the role until she had proved herself in pictures.

Early in the "Incendiary Blonde" Texas (Tex) is the impudent father (Barry Fitzgerald) takes his family to a rodeo match where Texas rides a wild bronco, wins first prize, and Kilgallen's heart. Kilgallen, a gambler who won the rodeo in a poker game, is played by Arturo de Cordova. Within a short time Texas is the headlining attraction with the rodeo introducing an amazing stunt and singing the catchy tune of that era, "Racin' Cowgirl Joe."

Moving on after her triumph in rodeo Texas is an immediate hit in musical comedy on Broadway after falling for Kilgallen, whom she found after had a wife. The Houston is in her proper niche when she impersonates Texas at the height of her stage career, singing "It Had to Be You," "Oh, Boy Jim" and "What Do You Want to Make Those Eyes of Me For?" to packed houses. Circumstances, or perhaps fate, brings the bombshell to Hollywood, and again she scores—a star of western movies. She's known as the "Female Bill Hart."

"Incendiary Blonde" is an original screen play written by Claude Brown and Frank Butler, the man who put the heart in academy-winning "Going My Way." It was directed by George Marshall.
